The Busbridge winter league is a long established competition for teams of four players. Matches are played over the winter months, with most being played on the second Tuesday of each month.

The matches are friendly but competitive and the winning team holds the Redmen trophy for twelve months. Master points are awarded. Matches are played in member's homes where hospitality usually includes sandwiches and a glass of wine.

Entries will be taken at the end of the summer for matches to commence from September. Please try to get a team together. If you are looking for other members to make up a team we will endeavour to assist.
